Niral Patel

7016329788 | niralpatel1502@gmail.com | LinkedIn | GitHub

Technical Skills

Languages: Java, JavaScript, SQL
Technologies: React.js, React Router, Axios, Node.js, Express.js, MongoDB, Tailwind CSS, Bootstrap
Tools: Git, GitHub, Postman, Android Studio
Concepts: OOP, DBMS, OS, REST APIs

Projects

Laksh Portfolio Website | *Next.js, React.js, TypeScript, MongoDB, Mongoose, Cloudinary* August 2026

- Developed a professional, full-stack portfolio website for a video editor using Next.js and TypeScript.
- Built a dynamic portfolio CMS with an admin dashboard to manage projects, showcase reels, and website content.
- Integrated MongoDB Atlas and Mongoose for database management and Cloudinary for media storage and delivery.
- Implemented secure admin authentication and responsive UI with Framer Motion animations.

AI Resume Builder | *React.js, Node.js, Express.js, MongoDB, Gemini API* January 2026

- Built AI-powered resume builder with real-time preview, resume sharing, and PDF generation.
- Integrated Gemini API to enhance summaries and job descriptions with ATS-friendly content.
- Implemented JWT authentication, protected routes, and resume management features.

SkyCast | *React.js, OpenWeatherMap API, CSS* September 2025

- Developed responsive weather application displaying real-time weather information.
- Integrated OpenWeatherMap API for temperature, humidity, wind speed, and weather conditions.
- Implemented city search functionality and mobile-friendly user interface.

Online Bakery Management System | *HTML, CSS, JavaScript, PHP, MySQL* December 2024

- Developed a web-based bakery management system to manage products, customers, orders, and inventory.
- Implemented product management features with add, edit, and delete functionality.
- Built shopping cart, checkout, and order tracking functionalities for customers.
- Developed a secure admin panel to manage bakery operations and monitor inventory using PHP and MySQL.

Certifications

Introduction to Cloud Computing – Simplilearn March 2026
DevOps – Intellipaat March 2026
Full Stack Web Development MERN – Apna College Dec 2024

Extracurricular Activities

Sports: Active cricket player, demonstrating teamwork, leadership, and discipline.
Project Development: Built full-stack web applications using MERN Stack, PHP, and MySQL.
GitHub: Managed and maintained personal projects using Git and GitHub.
Continuous Learning: Completed certifications in MERN Stack, Cloud Computing, and DevOps.

Education

Shrimad Rajchandra Institute of Management and Computer Application, Bardoli Present
Master of Computer Applications *SGPA: 8.60/10.0*

V. S. Patel College of Arts and Science, Bilimora 2022 – 2025
Bachelor of Computer Applications *CGPA: 6.65/10.0*
